

Preliminary Information

# Charge Me CM2

Wall-mountable  
Mobile Phone/PDA  
Recharge Kiosk

Now the mobile phone is even more mobile. The Charge Me CM2 Recharge Kiosk provides users with a low-cost, convenient boost to their batteries, wherever and whenever they need it. With its elegant and practical design, it can be easily installed in any public or retail space where customers or travellers may find themselves with a few minutes to spare.

## Key features

- Allows up to 6 users to recharge their mobile phones/PDAs simultaneously
- Supports most popular models
- Gives up to an hour extra talk-time for 10 minutes' charging
- Coin/Note or Credit-card operated
- Users can make/receive calls while charging
- Elegant design

## Benefits to users

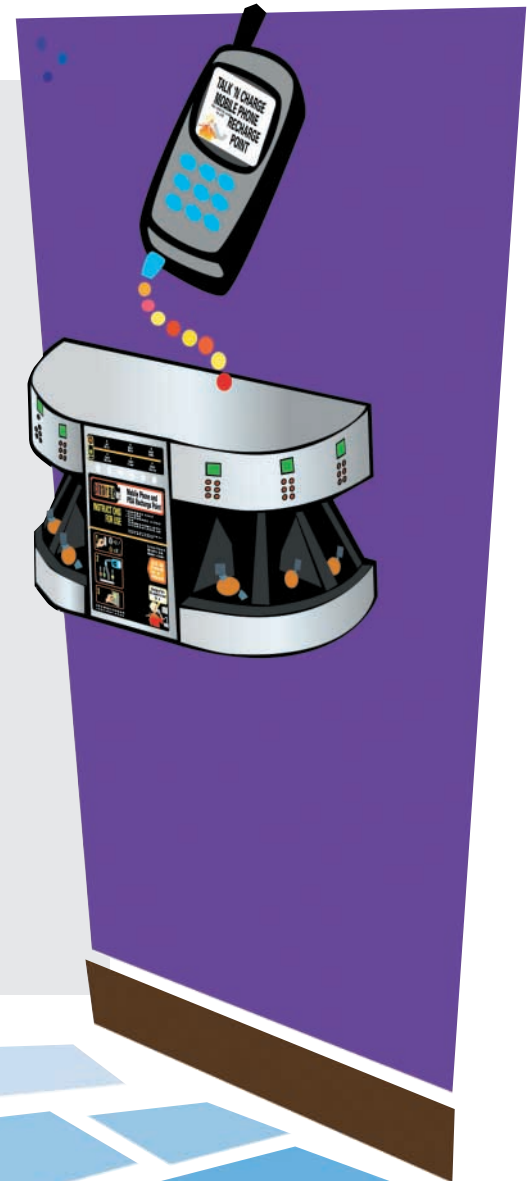

- Reactivate a 'dead' mobile phone or PDA to make a vital call or retrieve important information
- Fast charge in up to 10 minute periods
- Make and receive calls while charging
- No need to carry leads and chargers while travelling

## Benefits to location providers

- Additional source of revenue
- Easy installation; low-cost operation
- Enhances service to existing customers
- Increases footfall and browsing time
